Measurement Framework  
Continuous Improvement

### AGILE EDUCATION

IJI's interactive, simulation-based Executive Briefings and Scaling Workshops allows stakeholders to explore the various scaling approaches, to understand how agile will benefit their organization and to shape the strategy for successful adoption.

### AGILE PROGRAM LAUNCH

IJI will help align the team to a common enterprise vision. Build context and a repetitive model for rolling-wave release planning, objective setting, program execution and adaptive feedback to provide a continuous flow of value to the user or marketplace.

### AGILE PROGRAM SUPPORT

Launching the program is just the beginning; now it needs to deliver. Self-improvement is one of the keys to a successful SAFe implementation. Learn the practices to ensure consistent quality deliveries – sprint after sprint.

### AGILE REFRESH

This program is designed for existing SAFe users to re-invigorate team and program level agile practices. Based around a set of facilitated agile self-assessments, serious games and hands-on workshops, IJI will help your teams to uncover and address systemic problems and help take agile to the next level.

### AGILE SUSTAINABLE CHANGE

IJI's unique approach to agile organizational change combined with our deep knowledge of SAFe enables us to help organizations easily and safely shape agile change programs delivering measured business results quickly and creating self-sufficiency.

## SUCCESS WITH IJI & SCALED AGILE FRAMEWORK

### KEY BENEFITS

- Achieve the best return on investment in your agile transformation program by deploying tools and resources mapped to your organizational needs.
- Optimize and energize your teams with experienced agile coaching and mentoring.
- Confidently deliver on time with a proven and codified framework and complementary coaching, consulting and training services.

IJI is a global consulting company with extensive SAFe experience. Our team has been working with SAFe since its inception and we are the only consultancy with European-based SPCTs. Our team has been working with SAFe since its inception and IJI Consultants have mentored consulted and coached SAFe Agilists around the globe.

In fact, we've assisted thousands of people and hundreds of organizations to successfully scale and sustain their agile team, program and company with successful roll-outs ranging from **50 to 3000** people across countries and departments.

We have successfully delivered hundreds of on-site and public SAFe courses. We can deliver a customized experience on-site at your location or we offer a number of public training courses across Europe.

### AGILE COACHING & CONSULTING

- Executive Briefings
